PRESTIGE SALON AND SPA

**I need a spa day without the spa prices. But please, no sketchy places. - Jinette**

You mean you don't want two days of red face bumps after getting a cheap wax job on your eyebrows? Sometimes, you get what you pay for. But I've got a secret, where the price is right and the quality is high: Prestige Salon and Spa, in the English Creek Shopping Center, Egg Harbor Township.

The place is classy and sparkly, relaxing and modern. The treatments are indulgent and cutting edge (paraffin services for your feet and hands, deep hydration facials, keratin for your hair, it all sounds amazing). And yet it's ten bucks each for eyebrow, lip or chin wax. That's it. A haircut, shampoo and blowdry starts at \$28. With these prices, there's no excuse to not look your best. Luxury treatments at recession prices. Economics 101. ♥ *LL*
